

I am strongly opposed to using their media control to pre-empt regular programming to show an anti-Kerry "documentary." I feel as if we are no longer living in a free country when the media is so unregulated that it can get away with this. Whether you are for Kerry or not, this is so clearly partisan and political that it is offensive.

We need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
